## MISSISSIPPI INVASION

### HOW TO LOSE FRIENDS AND ALIENATE PEOPLE

Sunday night, September 30th, President Kennedy made a talk on nation-wide hook-up, the purpose of which was apparently to sell the people on what the Kennedy brothers were doing in Mississippi. The main theme was that the Kennedy brothers were trying to maintain law and order in the State of Mississippi. It appeared quite ridiculous to those who were keeping close touch with the situation. Mississippi was enjoying law and order until the NAACP demanded that one Negro be placed in the University. There is much evidence that Meredith did not select the Mississippi University, but the NAACP selected Meredith. He was picked by the NAACP from 17 volunteers.

The New York Mirror of Oct. 6, page 10, 1, 1962, stated that he was as carefully selected as any astronaut for his role.

Kennedy's speech was written by Arthur Schlesinger, the marxist Jew and top wheel in Americans for Democratic Action, who apparently had the November election in mind.

Many people were at a loss to understand why such tremendous force and determination were employed. Behind the invasion of Mississippi, some 23,000 soldiers and paratroopers were engaged, along with 400 U.S. marshals, with tanks, bayonets, tear gas bombs, even equipment for digging fox holes. This, into a peaceful State, not to maintain a law, but to uphold a twisted decision by nine political hacks in the Supreme Court.

Officer Gwin Cole, investigator for the Mississippi Highway Patrol was standing in front of the marshals the night of the trouble when James McShane, Chief of U.S. Marshals shouted: "Let 'em have it! Gas!" Officer Cole dropped to his knees, but his eyes were filled with gas. He saw McShane run into the Lyceum and followed and told him: "That was the dirtiest trick I ever saw." McShane dropped his head and walked off. Mr. Katzenbach of the Department of Justice was there and told Mr. Cole he was sorry, somebody jumped the gun. AND THAT WAS WHEN THE RIOT STARTED.

The New York Mirror of Oct. 6, page 10, states, quote: "Arthur Schlesinger and the Americans for Democratic Action crowd are taking bows for planning the Mississippi business from the first effort to enroll Meredith right down to the marshals and troops. They figured—and rightly—that it would take the heat off Cuba. They considered the arrest of General Walker an inspired touch. If they get away with it, the same action will be taken against other voluble critics."

Kennedy's attitude is entirely contrary to that in dealing with Khrushchev or Cuba. Castro confiscated a billion dollars worth of American property and repeatedly hurls insults at us, has murdered innocent people by the thousands, turned Cuba over entirely to communism, with nearly 100 shiploads of weapons and ammunition changing Cuba into an armed fort right in our back yard, but Kennedy must not offend the communists.

Governor Ross Barnett of Mississippi

God bless him and give him strength and good judgement. He is the kind of American needed to save our Country.

Robert Kennedy went all out to intimidate the South to accept race-mixing, but has shown none of this determination to register the communists as the Supreme Court so ordered. This has been hanging fire for eleven years and nothing done. Washington apparently has more respect for the communists in the U. S. than they do for the Southern States. Surely the Kennedys and Americans for Democratic Action have no respect for States Rights.

To be sure that the people do not have a chance in opposing this trend to socialism, Kennedy, since taking office, has appointed 109 Federal judges; not one may be classed as of the right-wing, and we can be sure the Americans for Democratic Action hand-picked them.

Left-wing politicians hand-pick the Supreme Court and appoint brainwashed politicians as Federal judges and expect the gullible public to abide by the so-called "law of the land." Similar to Hungary when the communists took over; anyone who did not respect the laws they created were traitors. Here in the U. S. we are on our way to that situation.

Since Kennedy took office, the New Frontier has hired 122,000 people, an average of 6,000 a week, and the millions of people on the Right have been ignored. To provide places for these leftist supporters the New Frontier—since Kennedy took over—has created 150 new bureaucratic agencies. This invasion of Mississippi will cost the taxpayers many millions of dollars. The New Frontier has spent many millions of dollars trying to force Tshombe and his Katanga into communism, as wrong as forcing Meredith into the University of Mississippi.

The "so-called" Jews who are the most influential pressure behind the Kennedys have been careful to stay in the background. However, Jack Greenberg, chief counsel for the NAACP, could not refrain from sounding off in the South advising Meredith, and now

says he has a Negro girl, and also Meredith's wife, ready to put into the University. Edmund Guthman is mentioned as the Justice Dept.'s top agent in Mississippi. The New York Times, Oct. 5, 1962, states that Guthman is information chief for the Justice Dept.

The organized Jews and the NAACP are pushing for race mixing regardless of reason. In Englewood, New Jersey, one school in a Negro district, with 98% Negro students, all doing well, is faced with demands by the NAACP that half of them be moved a mile and a half to another school, and White children moved over to the Negro school.

Here in the East the papers every day, carry reports of rapings by Negroes, and the ruthless campaign by the race-mixers, if not checked, will bring on another civil war.

This government under Kennedy is being run by the Americans for Democratic Action which is a group set up fourteen years ago by Jews who have controlled and headed it ever since. Some non-Jews are members of this organization, but it is entirely controlled by Harvard Jews. The Jews also set up the NAACP and have controlled and headed that Negro organization since its inception. Arthur Spingarn, a Jew, is president, and Jack Greenberg, is the chief counsel. These two pressure groups, backed up by a network of organizations such as the American Jewish Congress, American Jewish Committee and Anti-Defamation League of B'nai B'rith are the powerful pressure groups using Kennedy as a front. Kennedy could not be re-elected without them.

Members of these liberal left-wing groups are interlocked,—an organized minority running roughshod over the unorganized majority. This is the crowd that forced the Supreme Court in 1954 to give their illegal decision. We suggest that anyone who doubts this do some reading on this question. The decision was based to a good extent on a book written by a foreign socialist, Gunnar Myrdal. The American Jewish Committee boasts they master-minded this decision in their 1956 Jewish Year Book.

A. J. C. Year Book, pages 631-632.

Quoting: "Earlier, I (Dr. John Slawson, Executive Vice-President of the American Jewish Committee) said that the desegregation decision of the Supreme Court was one of the major events of the year affecting our work,—a battle in which the American Jewish Committee has long been among those leading the assault. It was most fitting, therefore, that we were very closely involved with the Supreme Court decision. Not only were we active—but we contributed materially to the SOCIAL THEORY upon which the desegregation decision was based. It was from this conference (the Mid-Century (1950) White Conference on Children and Youth, of which Melvin A. Glasser was Director) that much of the SOCIAL THEORY which INFLUENCED the Court's decision emerged. The fact-finding studies

from which this theory developed **PROBABLY WOULD NOT HAVE BEEN MADE WERE IT NOT FOR THE AMERICAN JEWISH COMMITTEE.** Desegregation is **STILL A PROBLEM FOR US** because of the **DIFFICULTY IN PUTTING IT INTO EFFECT IN MANY COMMUNITIES."**

A. J. C. Year Book page 202.

Quoting: "The Supreme Court decision of May 1954 banning segregation in the public schools **WAS WIDELY HAILED BY THE SYNAGOGUE GROUPS.** In May 1955 **THE RABBINICAL ASSEMBLY, IN URGING SPEEDY IMPLEMENTATION OF THE DECISION, ALSO RECOMMENDED THAT FEDERAL FUNDS THAT MIGHT BE MADE AVAILABLE FOR PUBLIC SCHOOL CONSTRUCTION BE WITHHELD FROM THOSE STATES PRACTICING SEGREGATION."**

A. J. C. Year Book page 144.

Quoting. "The **UNDERLYING POSITION** of the Supreme Court in *Brown vs. Board of Education* (these New York Jews say) is something more than mere non-segregated education. (They now say) **IT GOES FURTHER THAN THIS TO ASSERT THE COURT CAN COERCE THE STATE TO COMPEL SOCIALIZATION OF THE RACES."**

The Kennedys harp on upholding the law when they know full well there is no law on integration but a crooked decision by a hand-picked Supreme Court, which ignores the 10th Amendment which gives to States all powers not expressly given to the Federal Government.

The group forcing race-mixing use unfair tactics; for instance, under the Eisenhower administration a Federal judge Davies was brought from North Dakota (a State with practically no Negroes) to Little Rock to render a decision on the Negro question. How many Federal judges are there between Arkansas and North Dakota?

Kennedy used TV coast to coast to tell his side of the Mississippi tragedy, but prevented Governor Barnett from presenting his side.

A large percentage of Negroes in the South are not interested in the NAACP and their race-mixing and many are opposed, but are unorganized with no means of expression.

The invasion of the South has created much hatred of the Kennedys and millions will vote against the Kennedys and the New Frontier as long as they are in the picture.

We said it in 1954 and we say it now:

"Integration will not work. It is contrary to nature and silly, but it helps communism by confusing and dividing the people."

## RACE-MIXING MOVIE

The above is a reproduction (reduced) of a three column advertisement being run in northern newspapers at this time; we doubt the ad or film will be shown in the South. It is one of many created by the Jewish-owned movie industry and part of

## — TROUBLE MAKERS —

**JACK GREENBERG**, Chief Counsel to NAACP, heads eleven New York lawyers pushing Meredith into a tragedy which will cost the United States taxpayers untold millions.

the broad Jewish plot to break down the non-Jewish people.

Apparently some gullible Christians believe God made a mistake when he created people black and others white; this is only one of the differences of creation.

These marxist Jews are going to force black and white together and end the races.

This is what the South fears; not just one brainwashed negro in a university.

The small print under the girl's picture reads: "They crossed the boundary between black and white to reach each others arms."

## "THE WINGLESS VICTORY"

A play on TV to help the Jews put over inter-racial marriage, written by Maxwell Anderson, produced by Abe Freedman.

Hugh O'Brian and the negress Eartha Kitt play the leads."

Location: Massachusetts in the year 1800.

Hugh O'Brian is married to the negress, who is called Oparre in the play. Eartha Kitt has arrived in Mass. with O'Brian from Bali in the East Indies. The sneaky propagandist has to revert to the year 1800 to bring us the now well known race-mixing "message".

The negress constantly recites propaganda. "You can't part us", and other direct messages to the T.V. audiences are some examples.

The most sickening scene is where the negress states her "love" for Hugh O'Brian. This disgusting filth that comes into our homes has the negress insulting the always silent White stooges who form a backdrop for her plea for intermarriage. This is symbolism. The Whites offer no answer for the rantings of the negress. This is to give the duped T.V. viewers the impression that we have no answer for the pleadings of a person who is ashamed of her race. The high-sounding words of the negress could be refuted, but the White people are silent. It's a pitch for inter-racial marriage.

The fact that the negress spends her time addressing the T.V. audience with bunk and a plea is proof enough. The negress calls Hugh O'Brian a "person from a colorless tribe". Here we get the "message" that it's only a matter of color. The negress then mentions her dark blood.

The town finally gets the negress on the boat back to Bali. Then we have the scene

on the boat where another White man enters the cabin of the negress and offers to marry her. This type of insanity smells like the work of the crazy Jews. This is the style of the other jews who write about integration between negroes and Whites.

The negress has killed her two children on the ship. This is another trap to get our sympathy. This is the only reason it was put into the play.

The negress states that she loves O'Brian, who has just entered her cabin. Then she dies in his arms. She "dies" to get more sympathy. At this point there are no more negroes left to die for your sympathy. Her death is an old propaganda weapon. It is a protest against the existence of segregation, the existence of a superior race that makes her feel inferior; but it is for the year 1962, not 1800.

We see the negress being embraced by Hugh O'Brian.

Who is Maxwell Anderson? Why was this insulting play allowed on T.V.? The play was propaganda for inter-racial marriage.

Why don't we have a play where a coal black negro meets a jew in the synagogue and they fall in "true Love", and are married and plea for more of this sort of thing?

The disgusting sight of a white and negro embracing on T.V. should serve notice that we are in a war.

## All Jewish Groups Urged to Consult On Integration

**BOSTON (NJP)** — The view that consultation between all the Jewish agencies and the Jews of all parts of the U.S. on problems involved in the school integration fight was desirable was expressed by several speakers at the 17th plenary session here of the National Community Relations Advisory Council. The NCRAC is the over-all Jewish agency involved in community relations work.

David L. Ullman, was re-elected chairman of the group.

An exact reproduction from the National Jewish Post of June 20, 1958.

## — JEWS STIR UP NEGROES —

**AL LEVENSTEIN** (☆), delegate from So. Africa to U. N. photographed while speaking to negroes March, 7, 1960 in Montgomery, Alabama. Although a citizen of a foreign country, this Jew is traveling over our Southern States sowing discord and confusion among our citizens. As the PROTOCOLS state, Jews will turn classes and races against each other so that confusion reigns while Marxists spring the trap as they have already done in 17 other countries.

# THAT "ONE DROP OF INK" MEDIA FOR MASS-COMMUNICATION -OUR NATION'S DOWN-FALL

MR. FREEDMAN'S LETTER TO A PATRIOT-AND THE NATION!

Dear . . . . .

Your letter of September 20th received and I hasten to reply.

Your intended visit to this city is noted. If you will advise me before or upon your arrival I will be very pleased indeed to meet with you. If you telephone me after your arrival here please note my unlisted telephone number is . . . . .

May I at this time call your attention to the fact that COMMON SENSE is not my paper although the publicity in publications unfriendly to me so advertise, contrary to fact.

COMMON SENSE is a publication under the direction of Mr. Conde McGinley, with whom I suggest that you communicate concerning your proposed program.

Judging you by your background I will be very happy to discuss with you whatever you believe constructive in extricating this nation from the predicament in which it now finds itself.

The most meaningful program to rescue this nation is meaningless unless acted upon by its sponsors. The fault lies not so much in the indifference of an apathetic public as in an ignorant nation.

Control of the media for mass-communication in the hands of those who favor a course of action by this government in domestic and foreign affairs in conflict with your apparent views presents you with a problem of infinite magnitude to reverse the trend.

There is only one form of "action" that can preserve the traditions upon which this nation was founded. That "action" demands the education of the nation on the subject in question. As you must be well aware, the nation is **Mis-informed** rather than **UN-informed**. Therein lies the danger to the security and the survival of everything every right-minded person considers sacred.

Unless a revolution occurs in the thinking of the nation there is no escape from the inevitable. If a revolution takes place in the thinking of the nation there will be no need for any other kind of action. The electorate will know what is necessary.

In all history no revolution has ever imposed its will upon a nation permanently unless the objectives sought were supported by a majority of the population. A nation whose mind is changed against its will is of the same opinion still, to paraphrase **Ingersol**.

It requires more than negative personal experience to develop a collective positive policy for a nation. The individual must be given a correct diagnosis of the cause of the nation's deterioration and disintegration. If a preponderant majority of the nation is informed correctly and completely, they will take the necessary action to preserve their heritage. If they do not there is nothing that any minority can do to reverse the trend.

"One drop of ink has made the whole world think" in every phase of human activity inside and outside the framework of political progress. But those with most at stake in this struggle decline to put their hands into their pockets to pay for that "one drop of ink." They fear the smear they will invite will interfere with making more money and having more fun.

There is only one solution to the problem. Like the Rockefeller, Ford and Carnegie foundations make billions of dollars available to the real revolutionary groups, the men with most at stake should directly or indirectly, tax-deductible or otherwise, create a fund to inform the nation of its plight. Until and unless that takes place in the near future, the right-thinking minority of the nation will only be fighting a retreat-

Benjamin H. Freedman

ing battle, with surrender the ultimate supreme sacrifice they face.

In my considered judgment for whatever you may believe it is worth, if Conde McGinley had been supported by the very persons who had everything to gain, with funds or facilities to circulate one-million copies of COMMON SENSE weekly for seventeen years to community leaders in all walks of life, the communism which threatens humanity's existence would be as extinct as the legendary "dodo bird."

It is simple arithmetic. "The sum is equal to the whole of its parts." If Conde McGinley possessed the necessary funds during the last seventeen years, he could have conveyed the gospel to "all the parts" as effectively as he has conveyed that gospel to a small "part" of the "whole." That is my diagnosis of the malady which will become responsible for the death of this nation.

The thousands of right-thinking persons who gave their "widow's mite" towards the struggle of COMMON SENSE to remain in the fight are the real patriots. Without their \$1. 's, \$5. 's and \$10. 's Conde McGinley would have folded COMMON SENSE long ago. Their loyalty to Conde McGinley may prove the **Heratio at the bridge**. They will understand someday their real enemies were those with most at stake who only paid lip-service in support of their defenders. Countless millions of innocent men, women and children may pay with their lives for the greed of those who fear the smear may interfere with their economic, social or political objectives.

Numberless symptoms can as a rule be traced to a single organ in the human body least suspected as the cause of symptoms hardly related with the organ causing the trouble. The only chance of survival consists of a correct diagnosis. If the cause can be pin-pointed it can be corrected unless it has progressed too far for treatment. That is only common sense, you do not have to be a doctor to figure that out.

What is taking place in this country, and throughout the world, are symptoms of a single organ in the political bodies of every nation of any consequence in world affairs. The black-out of this knowledge is so complete because this generation has grown up in an era in which the media for mass-communication has been in the control of certain interests inimical to the preservation of the institutions we cherish as our most precious possessions.

The media for mass-communication is the most important organ in the political body of a nation in today's world. There is no phase in the life of a nation today which cannot be determined in the last analysis by control of newspapers, television, radio, motion pictures, magazines and paper-back books, the media for mass-communication in the modern world. That is the road-block which must be overcome to obtain access to the minds of the nation's MIS-informed majority.

The activities of the predominant majority of right-thinking organizations today reminds me of little girls "playing house." Their imagination gets the better of them like little girls "playing house." The scope of their activities extends no further than their meeting places anymore than the scope of little girls "playing house" extends beyond the room where they allow their imaginations to run riot.

Leadership is the basic essential in any struggle if it is to be successful. Leadership is lacking in the struggle to save our heritage. That leadership is lacking only for one reason. Leaders like Conde McGinley never obtained recognition and support from men of wealth. They buy every form of insurance without any consideration whether the insurance premiums are "tax-deductible." But to buy insurance on their most precious possessions they ask "Is it tax-deductible?" How dumb can they get?

You appear to be a man of high degree of intelligence and I felt you would understand the motive which prompts me to write this long letter, and looking forward to the pleasure of meeting you in person, please believe me to be

Cordially and sincerely,

Benjamin H. Freedman

## IS THIS NOT PROOF?

### Atlantic City Rejects NAACP Housing Protest

ATLANTIC CITY (AP).

The Atlantic City Housing Authority rejected yesterday a protest against racial segregation in Federal housing projects in the city, saying the occupants want them that way.

"The authority cannot force integration against the rights and will of the people to live where they choose," a statement said.

The statement, released after a meeting of the Authority with Mayor Joseph Altman and the city commissioners, was an answer to a protest by the local branch of the National Association for the Advancement of Colored People.

Warren C. Cornelius, president of the branch, charged in a letter to the Mayor that the authority had failed to integrate the three low-income projects. He called for resignation of the five members of the Authority, one of whom is a Negro.

The Housing Authority acknowledged two of the projects the occupied entirely by whites and the other entirely by Negroes. But its statement said, this is "entirely as a result of the will of the applicant."

The statement said authority members told Mayor Altman during the meeting that the NAACP had objected to allowing tenants to choose the project where they desired to live.

The NAACP, it said, "had insisted that the authority arbitrarily place tenants without regard to the express choice of the tenant."

## Signers of The Declaration

### CAN WE KEEP OUR INDEPENDENCE?

From Montrose (California) Ledger

Often the question has been asked, "What happened to those men who signed the Declaration of Independence?"

Paul Harvey, noted writer and radio commentator, looked the record up, and here's what he found:

Five signers were captured by the British as traitors, and tortured before they died. Twelve had their homes ransacked and burned. Two lost their sons in the Revolutionary Army. One of the signers had two sons captured. Nine of the 56 fought and died of wounds or the hardships of the Revolutionary War.

But what kind of men were they, these men who boldly wrote their names to the Declaration that lit the fires of liberty in souls of men throughout the world?

Twenty-four were lawyers and jurists. Eleven were merchants, nine were farmers and large plantation owners, men of means, well educated.

Their security, their incomes, their worldly possessions made them substantially well off. But they signed the Declaration of Independence, even though they knew that the penalty would be death on the gallows, if they were captured.

They signed and they pledged their lives, their fortunes. . . . and their sacred honor. Carter Braxton of Virginia, a wealthy planter and trader saw his ships swept from the seas by the British Navy. He sold his home and his properties to pay his debt, and died in rags. Thomas McKean was so hounded by the enemy British that he was forced to move his family almost constantly. He served in the Congress without pay, and his family was kept in hiding. His possessions were taken from him and poverty was his reward.

Vandals or soldiers or both looted the properties of Ellery, Clymer, Hall, Walton, Gwinnett, Heyward, Rutledge, and Middleton. At the Battle of Yorktown, Thomas Nelson Jr., noted that the British General Cornwallis had taken over the Nelson home for his headquarters. The owner quietly urged General George Washington to open fire, which was done. The home was destroyed, and Nelson died bankrupt. His grave is unmarked and unknown.

Francis Lewis had his home and properties destroyed. The enemy jailed his wife, and she died within a few months. John Hart was driven from his wife's bedside as she was dying. Their 13 children fled for their lives. His fields and his grist mill were laid waste. For more than a year he lived in the forests and caves, returning home after the war to find his wife dead. His children had vanished. A few weeks later he died from exhaustion and a broken heart.

Norris and Livingston suffered similar fates. Such were the stories and sacrifices of the American Revolution. These were not wild-eyed, rabble-rousing ruffians. These were soft-spoken men of means, wealth and education! They had security, but they valued liberty more. Standing tall, straight and unwavering, they pledged: "For the support of this declaration, with a firm reliance on the protection of the Divine Providence, we mutually pledge to each other, our lives, our fortunes and our sacred honor."

**THEY GAVE US AN INDEPENDENT AMERICA. CAN WE KEEP IT?**

Today it appears our leaders are much more frightened and pressured by the Zionist Jews than the American Patriots were by the British in 1776! Editor

## REDS RACIAL RECORD

William Z. Foster, former head of the Communist Party in America, declared in his book entitled—

**"TOWARDS SOVIET AMERICA"**

"The American Soviet will of course abolish all restrictions upon racial inter-

marriage . . . . The revolution will only hasten this process of integration, already proceeding throughout the world with increasing tempo."

(Page 305-306)

David Lawrence reported in his newspaper column (Times-Picayune, Nov. 12, 1958) that Prof. Allen Nevins, long time professor of American history at Columbia University, two time Pulitzer prize winner—

"is emphatically in favor of desegregation and calls upon the Southern people to face reality, as he tells them that intermarriage between the races in the coming years is inevitable."

### REDS SUPPORT NAACP

Today, the Kremlin leadership in Moscow feels so firmly entrenched in the NAACP that the top official organ of the Communist Party in the U.S. has advised all of its followers that:

"We must support the NAACP in this struggle with every ounce of energy at our disposal."

(Political Affairs, official organ of the Communist Party in the United States, Feb. 1950, page 26).

## New Frontier Bleeds Us

### THIS IS THE WAY ESKIMOS DEAL WITH WOLF PACKS

They imbed razor-sharp knives down in the ice and apply a little seal blood.

The wolves are attracted by the blood and lick the knives, cutting their tongues.

They are delighted by the seemingly inexhaustible supply of nourishing blood they can lick off the knives. They stand there licking until they drop in their tracks from loss of blood. Then they freeze to death in the snow.

This is a clever trick.

But we are in no position to jeer at the stupidity of the wolves.

We Americans have been falling for a similar trick for a good many years.

In Washington and in our state capitals are a great many politicians. They propose to give us Federal support. They will empty the Federal treasury at our feet.

There is nothing in the Federal treasury but what we have sent there by way of the tax collector.

These taxes are our blood, and we cannot be nourished by it any more than those wolves can thrive on their own blood.

But we have bought this kind of government.

We are trying through the Federal process to nourish ourselves with our own blood.

## Potential Leaders Destroyed

General Edwin A. Walker

It has been going on since the FDR gang of communists and fellow travelers gained control of Washington in 1933.

Anyone not controlled by marxists and showing signs of being able to attract people has been methodically smeared and discredited. This was done in a merciless, aggressive way.

As a result we have no patriots who are rated national leaders capable of organizing real Americans to drive out the leftist bureaucrats who are pushing us towards bankruptcy, chaos and despair.

Now comes General Edwin A. Walker, fearless and aggressive, showing signs of leadership. The Jewish Overseas Weekly in Germany wanted revenge because the General banned the filthy sex sheet from Army grounds; then the U. S. communists and New Frontier began the smear.

Adam Yarmolinsky (who calls the shots in the Defense Department) set the machine that would drive out of service a West Point General, who spent 30 years in the Army. General Walker made speeches over the country which displeased the New Frontier, hence, they watched him and the Mississippi tragedy gave them an opening. They must crush him and label him "insane."

The government psychiatrist Smith who ordered him held in a mental hospital admitted to Gen. Clyde Watts, Walkers attorney, that he had never met the General. What goes on here?

They did plan on keeping him 60 or 90 days,—Did they also plan on giving the General a labotomy, thus making him a zombi?

The General's attorneys deserve credit in forcing his release and preventing brain surgery.

Dr. Wilfred Overholser, Jew, government appointed psychiatrist, will direct the examination of Gen. Walker in Dallas, Texas. Dr. Overholser is head of St. Elizabeth's Hospital, Washington, D. C. that held Ezra Pound, a sane man, for twelve years, and another patriot, Lucille Miller, was railroaded to the same mental institution.

There were many victims before General Walker; a few were: Colonel Lindbergh, Senator Wheeler, Father Coughlin, Senator Joe McCarthy, James Forrestal, General Patton, General MacArthur.

The most practical answer to all this insane conspiracy is public sentiment—for each reader of COMMON SENSE to secure five new subscribers. Some will need to get more to make up for those who will get none.
